

INSTRUCTIONS FOR PHOTO PRINTING ARTWORK

1. The file should be saved as a SQUARE (12cm x 12cm is best).
2. The file should be an EPS, TIFF, BITMAP or JPEG. PLEASE AVOID PDF as they can't be modified in Photoshop if there are problems.
3. There should be NO GUIDELINES whatsoever in artwork for photo printing.
4. There should be no text closer to 24mm from the center of the artwork (space for inner ring – DVD is 20mm)
5. The digital print software will automatically crop the image to suit the print area of the disc.
